

Buildings & Grounds minutes

October 18, 2018

Members: Bruce Stevens, Wade Parker, Angeline Alley, Daryl Sulham
Public: Robert (Bob) Yaroshevich

Angeline called the meeting to order at 6pm

Discussion of tennis courts and the cracks that have developed, a quote was done by the company that originally put the tennis court for \$10,000.

There are two large cracks and the concern is that they will continue to crack over the winter and become more of a problem. BMEF is responsible for the tennis courts and BMU is responsible for the property surrounding the tennis courts.

Bob thinks that he can fix the cracks by ditching around the tennis court and was hoping to use Chief's excavator at no cost for this. Therefore, bringing the cost down to an estimate of \$2,000.

Bob was hoping that BMU could help with the cost of this project.

Meeting adjourned 6:28pm

Respectfully submitted,

Angeline Alley
